

PRODUCT MESSAGING:

The Single Wireless Charger Main Station is where your endless possibilities of a never empty battery begin. It is the perfect base for your modular charging combination. The Single Wireless Charger Main Station has a 15W output and supports Apple & Samsung Fast Charge. With a design crafted from recycled plastics, it recharges both your device and the environment. The magnetic connection and powerful 65W power adapter, empower you to simply add up to 4 extensions to create your ideal charging combination.

With the Modular Series, you are given the freedom to connect and create. Take control of charging your devices and simply adapt and build to create your ideal charging combination.
