

PRODUCT MESSAGING

The 4-in-1 Modular Wireless Charger with iPad Charging Stand, made from recycled plastic, offers a sustainable charging solution that delivers the fastest possible charge up to 15W to all your Apple devices, supporting Apple Standby mode for added convenience. The main station charges your iPhone, AirPods, and iPad, while the Modular Apple Watch extension magnetically connects to the main station for added versatility. Additionally, the 65W power adapter is included and the USB-C port on the main station's right side delivers up to 30W output, allowing you to charge your iPad.

The carefully designed magnetic connection allows users to extend and upgrade their charger with additional extensions, such as the Single Wireless Charger extension, separately available. In short, the 4-in-1 Modular Wireless Charger with iPad Charging Stand offers a sustainable and versatile charging solution, with customizable options to suit your needs, all while minimizing cable clutter for added convenience at home.
