

Stylish All-In-One Card Reader

With this all-in-one card reader you have a stylish and compact device for your computer. Most popular memory cards used in mobile phones, digital cameras and MP3 players are supported by this compact all-in-one card reader, more than 50 different types of memory cards*. This is a 2.0 USB powered device, no external power needed. The led on the top indicates the status of the power or the transfer of data.

* Some memory cards need an additional cardadapter
