

Safety and Warranty Guide

Read this guide before you set up and use your product.

Lenovo

Safety information

Plastic bag notice

DANGER

Plastic bags can be dangerous. Keep plastic bags away from babies and children to avoid danger of suffocation.

General battery notice (for notebook computers)

DANGER

Batteries supplied by Lenovo for use with your product have been tested for compatibility and should only be replaced with approved parts. A battery other than the one specified by Lenovo, or a disassembled or modified battery may not be covered by the warranty.

Battery abuse or mishandling can cause overheating, liquid leakage, or an explosion. To avoid possible injury, do the following:

- Do not open, disassemble or service any battery unless you are competent to do so and have available and carefully follow all the correct instructions.
- Do not crush or puncture the battery.
- Do not short-circuit the battery, or expose it to water or other liquids.
- Keep the battery away from children.
- Keep the battery away from fire.

Stop using the battery if it is damaged, or if you notice any discharge or the buildup of foreign materials on the battery leads.

Store the rechargeable batteries or products containing the rechargeable batteries at room temperature, charged to approximately 30% to 50% of capacity. We recommend that the batteries be charged about once per year to prevent overdischarge.

Do not put the battery in trash that is disposed of in landfills. When disposing of the battery, comply with local ordinances or regulations.

Notice for removable rechargeable battery (for selected notebook computers)

DANGER

Only recharge the battery strictly according to instructions included in the product documentation.

If the battery is incorrectly replaced, there is danger of an explosion. The battery contains a small amount of harmful substance.

Notice for built-in rechargeable battery (for selected notebook computers)

DANGER

It is not recommended to remove or replace the built-in rechargeable battery. If you need to replace the battery, we recommend that you use a qualified repair technician or ensure that you carefully follow all instructions provided by Lenovo.

Only recharge the battery strictly according to instructions included in the product documentation.

The Lenovo-authorized repair facilities or technicians recycle Lenovo batteries according to local laws and regulations.

Lithium coin-cell battery notice (for selected models)

DANGER

Danger of explosion if battery is incorrectly replaced.

If you are attempting to replace the coin-cell battery yourself, we recommend that you have all the correct documentation and repair information and tools, and carefully follow the same. Consider the option to have a Lenovo-authorized service provider or trained technician change the battery for you.

The Lenovo-authorized repair facilities or technicians recycle Lenovo batteries according to local laws and regulations. When replacing the lithium coin-cell battery, use only the same type or equivalent type that is recommended by the manufacturer. The battery contains lithium and can explode if not properly used, handled, or disposed of. Swallowing the lithium coin-cell battery will cause choking or severe internal burns in just two hours and might even result in death.

Keep batteries away from children. If the lithium coin-cell battery is swallowed or placed inside any part of the body, seek medical care immediately.

Do not:

- Throw or immerse into water
- Heat to more than 100°C (212°F)
- Repair or disassemble
- Leave in an extremely low air pressure environment
- Leave in an extremely high-temperature environment
- Crush, puncture, cut, or incinerate

Dispose of the battery as required by local ordinances or regulations.

The following statement applies to users in the state of California, U.S.A.

California Perchlorate Information:

Products containing manganese dioxide lithium coin-cell batteries may contain perchlorate.

Perchlorate Material - **special handling may apply, see**

<https://www.dtsc.ca.gov/hazardouswaste/perchlorate>

Laser safety information

CAUTION:

When laser products (such as CD-ROMs, DVD drives, fiber optic devices, or transmitters) are installed, note the following:

- Do not remove the covers. Removing the covers of the laser product could result in exposure to hazardous laser radiation. There are no serviceable parts inside the device.
- Use of controls or adjustments or performance of procedures other than those specified herein might result in hazardous radiation exposure.

DANGER

Some laser products contain an embedded Class 3A or Class 3B laser diode. Note the following:

Laser radiation when open. Do not stare into the beam, do not view directly with optical instruments, and avoid direct exposure to the beam.

Tip-over hazard prevention notice (for desktop computers)

The computer may cause harm to children if it is not located in an appropriate place. Follow the tips below to protect children from harm caused by the computer tipping over:

- Place all-in-one computers or monitors on sturdy furniture with a low base or furniture that has been anchored. Push all-in-one computers or

monitors as far from the edge of the furniture as possible.

- Keep remote controls, toys, and other items that might attract children away from all-in-one computers or monitors.
- Keep all-in-one computer or monitor cables out the reach of the children.
- Supervise children in rooms where these safety tips have not been followed.

Warranty and support information

This section shows the warranty and support information for specific countries or regions.

Lenovo Limited Warranty notice

This product is covered by the terms of the Lenovo Limited Warranty (LLW), version L5050010-02 08/2011. Read the LLW at https://www.lenovo.com/warranty/llw_02. You can view the LLW in a number of languages from this Web site.

Warranty information

Lenovo provides a warranty period for your computer. To check the warranty status of your computer or purchase upgrades, go to <https://pcsupport.lenovo.com/warrantylookup>, and then follow the on-screen instructions.

Customer Replaceable Units

Customer Replaceable Units (CRUs) are parts that can be upgraded or replaced by the customer. To view the CRU list and instructions on replacing the CRUs, see the respective section in the *User Guide*.

Recovery information

Your computer might not come with a Windows® recovery disc set or USB key. To restore the Microsoft® Windows operating system, see the recovery information in the *User Guide*.

Access User Guide

1. Go to <https://pcsupport.lenovo.com>.
2. Select your product, and then click **Guides & Manuals**.

Get support

You can also get the most up-to-date telephone number for the Customer Support Center from <https://pcsupport.lenovo.com/supportphonenumber>.

To get more support options from Lenovo, go to <https://pcsupport.lenovo.com/contactus> or scan the QR code, and then follow the on-screen instructions.

Compliance information

This section shows the compliance information for specific countries or regions. The latest compliance information is available at

<https://www.lenovo.com/compliance>.

Electromagnetic emission notices

This device has been tested and found to comply with the limits for a Class A digital device. The *User Guide* for this product provides the complete Class A compliance statements that are applicable to this device.

European Union (EU) / United Kingdom (UK) compliance

Additional compliance information

Regulatory labels

Depending on your country or region, government-required regulatory information is provided through one of the following methods:

- On a physical label attached to the outside of your computer shipping carton
- On a physical label attached to your computer
- Through an electronic-label screen (E-label screen) preinstalled on your computer

To access the E-label screen, do one of the following:

- Restart the computer. When the logo screen is displayed, press F9. The E-label screen is displayed.
- Restart the computer. When the logo screen is displayed, press Enter or tap the prompt to enter the Startup Interrupt menu. Then press F9 or tap

the Regulatory Information option. The E-label screen is displayed.

Brazil audio notice

Ouvir sons com mais de 85 decibéis por longos períodos pode provocar danos ao sistema auditivo.

Taiwan vision precaution notice

使用過度恐傷害視力

- (1) 使用 30 分鐘請休息 10 分鐘。
- (2) 未滿 2 歲幼兒不看螢幕，2 歲以上每天看螢幕不要超過 1 小時。

Australia Consumer Law

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Recycling and environmental information

This section shows the recycling and environmental information for specific countries or regions.

Lenovo encourages owners of information technology (IT) equipment to responsibly recycle their equipment when it is no longer needed. Lenovo offers a variety of programs and services to assist equipment owners in recycling their IT products. For information on recycling Lenovo products, go to <https://www.lenovo.com/recycling>

For additional recycling and environmental statements, refer to your *User Guide*. The latest environmental information about our products is available at <https://www.lenovo.com/ecodeclaration>.

Important battery recycling and WEEE information

Don't dispose of your product or battery with your household waste. Refer to the *User Guide* that came with your product for further information, or go to <https://www.lenovo.com/recycling>.

WEEE information for Hungary

A magyar törvények értelmében, a 197/2014 (VIII.1.) kormányrendelet 12. szakaszának (1)-(5) cikkében foglaltak szerint Lenovo mint gyártó állja a keletkező költségeket.

Recycling information for Japan
