

Alpine Dome™ 4 Tent Manual

OWNER'S MANUAL

IMPORTANT SAFETY INSTRUCTIONS

READ AND FOLLOW ALL INSTRUCTIONS

WARNING

Keep all flames and heat sources away from this tent fabric. We recommend that you always position your tent upwind from a camp fire. This will reduce the chances of having embers land on your tent. In case of fire, please find the exit to escape from the fire. Never set up the tent near the river, under the tree of other objective hazards.

Keep exits clear.

Make sure ventilation openings are open all the time to avoid suffocation.

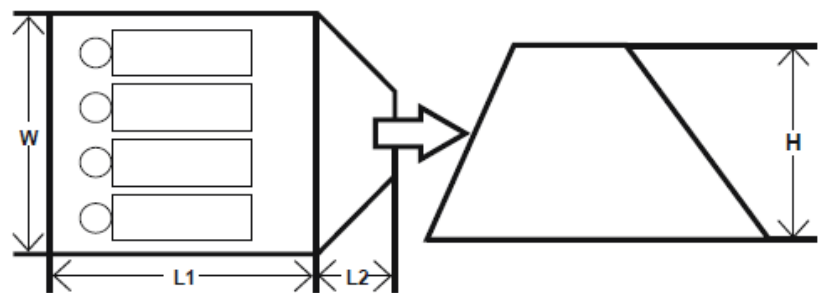

SAVE THESE INSTRUCTIONS

TECHNICAL SAFETY INSTRUCTIONS

Any use other than that described or any modification of the product is not permissible and may result in injury and/or damage to the product. The manufacturer is not liable for damage caused by improper use. The product is not intended for commercial use.

SETUP INSTRUCTIONS

PARTS & TOOLS NEEDED

Compare the parts in your box to the parts listed in this manual. Verify that the equipment components represent the model that you had intended to purchase.

ASSEMBLY INSTRUCTIONS

For installation instructions, follow the illustrations inside the manual. Drawings are for illustration purposes only. May not reflect actual product. Not to scale.

Poles contain fiberglass; we recommend wearing gloves during assembly.

This tent is not safe if the anchorage system is not used as it may be lifted by light winds.

MAINTENANCE & STORAGE

1. Clean the tent and remove any stains with a sponge and cool water. Use non-detergent soap for serious cleaning.
2. Never machine wash or machine dry the tent. Hand wash and air dry.
3. Allow all parts to dry thoroughly before you repack the tent. This will prevent the formation of mold, bad odors and discoloration.
4. Store the tent in a dry place with a moderate temperature between 10°C / 50°F and 38°C / 100°F, out of reach of children.
