MOUNTING INSTRUCTIONS

1. Place the supplied sticker on the designated position on the rack.
2. Slide the appliance upside down underneath the brackets.
3. Push up the metal bracket behind the appliance to secure it in place.
4. Connect the appliance to the keystone with the supplied cables.

Option

5. Push out the front panel for the second appliance. Be careful of possible sharp edges. Repeat step 1 to 4.
6. If more connections need to be brought to the front, push out the additional openings for the keystones (extra keystones not supplied).
7. The reset stick can be used to reset the appliance when the rack is installed. Guide it through the square in the front and guide it to the back. Push the stick upwards at the notch.
