- Precision trimmer integrated
- Shave as you want: refreshing wet, dry or with foam
- One-touch open for easy cleaning
- Convenient charging

Premium experience

- Built to last longer: 5 year warranty****
- Protects your shaver and accessories

Skin comfort (Skin IQ)

i9000 Prestige

Wet & Dry Electric Shaver with SkinIQ

XP9201/30

Highlights

Triple Action Lift & Cut System

Our patented Triple Action Lift & Cut shaving system lifts the hair gently from its root to cut it precisely up to 0.00 mm skin-level without cutting skin, for long-lasting closeness.

360° Precision Flexing Head

Fully flexible and smaller, compact heads with skin-stretching patterns dynamically adapt to every curve of your face. For constant skin contact with 20% more precision* to catch difficult hairs on the neck and under the nose. Precision everywhere.

Dual SteelPrecision Blades

Our 360° rotating Dual SteelPrecision blades catch hair growing in different directions. With 7 million cutting motions per minute, for efficient shave even on a 1, 3 or 7-day beard.

Pressure Guard Sensor

Powered by AI, our Pressure Guard system reads the pressure you apply and provides real-time feedback through lights, aiding you in adjusting the right pressure for optimal skin comfort. For a personalised shave that is just right for you.

Hydro SkinGlide Coating

Our most advanced skin protection delivers 50% smoother gliding on the skin** with the hydrophilic coating holding up to 500,000 microtech beads per square centimetre. For less friction and maximum comfort.

Power Adapt Sensor

The shaver's intelligent sensor reads hair density 500 times a second and auto-adapts the cutting power for an effortless and gentle shave, even on dense beards.

Improve efficiency with our app

Pair your shaver with our app for an ever-better routine and technique. Experience real-time guidance and personalised shaving insights to help you look and feel your best every day.

5 Year Warranty

Our shavers are designed for care and a long life. Our battery and motor are designed to last up to 5 years. Self-sharpening blades are made with space-grade level stainless steel and last 2 years between replacement.

Cable-free Quick Clean Pod

Our cleaning pod is 10 times more effective than water***, thoroughly cleaning and lubricating your shaver in one minute to keep your shaver like new. Compact and cable-free, the pod can be used and stored anywhere.

i9000 Prestige

Wet & Dry Electric Shaver with SkinIQ

XP9201/30

Highlights

Integrated precision trimmer

Skin-friendly and easy to use, give your mustache and sideburns extra definition with the integrated precision trimmer.

Charging Stand

Fully charge your shaver within 1 hour in the elegant stand. A stand created for both conveniently charging your device and neatly storing it away. In a hurry? Plug in you shaver for 5 minutes and get enough power for 1 full shave.

Wet & Dry

Adapt your shaving routines to your needs. Our shaver is 100% waterproof so you can choose a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

One-touch open

Clean your electric shaver with the touch of a button. Simply flip open the shaver head and rinse with water.

USB-A Charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimise the number of USB adapters

we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support

Travel Pouch

The i9000 Prestige Shaver comes neatly packed in a travel case, ideal for travel or keeping it safe when it's not in use.

Sustainability

All of our i9000 shavers are made with high-quality, long-lasting components and recyclable packaging, while our blades are produced in a factory that uses 100% renewable energy.
