

ABY22G USB to HDMI 1.4 Adapter, 1080P 60Hz

Product Images

Short Description

- Supports HDMI resolutions up to 1080P 60Hz
- Supports 800x600 resolution over USB 2.0

- Cable length: 16cm
- Aluminum casing for heat dissipation

Description

This sleek and reliable adapter enables you to connect your USB-enabled laptops, tablets, or desktops to an HDMI display, delivering crisp 1080P Full HD resolution at 60Hz.

Supporting both mirror mode to sync images between displays and extended mode for dual-screen setup, it's perfect for gaming, home theater, video conferencing, business presentations, and training. The adapter enhances your device's capabilities, allowing you to enjoy high-quality multimedia content on a larger screen.
