

## SmartFit™ Dual Monitor Arm with Crossbar and Handle

Get a handle on effortless monitor adjustments.

K58272WW

### Product Description

Most monitor arms require significant effort to reposition displays, presenting an ergonomic challenge for professionals using shared hotdesks. The SmartFit™ Dual Monitor Arm with Crossbar and Handle allows users to fine-tune ergonomic positioning with less physical exertion. A hand grip offers effortless adjustments allowing users to smoothly raise or lower their monitors using the lightest of touches. The counterbalancing gas spring makes even the heaviest dual-monitor configurations feel weightless, so anyone can quickly adapt the workstation to fit their unique needs and preferences. Whether users need to raise their displays to reduce neck strain, tilt them for better visibility or reorient the layout for a collaborative session, the easy-grip handle places the power of ergonomic customisation at their fingertips.

### Features

- SmartFit™ simplifies setting displays at proper eye-level viewing angles for ergonomic comfort.
- Easy-grip handle supports convenient monitor adjustments.
- Supports separate horizontal adjustments for each monitor for more comfortable viewing.
- The gas spring mechanism supports effortless height adjustments.
- Accommodates up to 2 x 32" monitors weighing up to 9kg (19.8lbs) each
- C-clamp or grommet mount base for a hassle-free installation
- 5-Year limited warranty.
