Ortronics

Compact Edge Cabinet, 4 RU, Perforated Door - Magnesium

Part No. CECWM4RUPD-M

The Compact Edge Cabinet (CEC) series wall-mount cabinet offer a unique versatile solution for edge computing, purpose built for equipment and application advancements all in a small form factor. The low-profile design positions rack mount equipment vertically, while allowing access for upgrades, refreshes and adds/drops. The CEC series cabinet is capable of housing a complete network, including up to 4RU of traditional rack mount equipment..

Features & Benefits

Vertical Rack Mount: Enables low-profile mounting allowing for easy installation, access, and maintenance.	Maximize space with two pairs of 4 RU rails for mounting network, auxiliary, power, and panel equipment. Includes one Pivoting Panel Mounting Bracket Kit to improve rear access and free vertical space. (Additional kits sold separately - CECPPM1RU.)
PCI Compliance: User access is controlled by an integrated swing handle with lock.	Certified Load Rating per UL2416: 135 lbs total (125 lbs per pair of mounting rails and 10 lbs on the door)

Specifications
