- Dock any iPod/iPhone/iPad, even in its case
- PC synchronization with your iPod/iPhone/iPad via USB
- Free DockStudio app for internet radio & other cool feature

Features

AUX-in for easy connection

Compact design

PHILIPS

Dock in its case

The smartly designed spring-loaded docking port of this Philips speaker effortlessly accommodates any iPod or iPhone, without special adaptors. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

PC synchronization via USB

Dock it, play it, sync it and charge it! Dig in to your favorite music on your iPod, iPhone or iPad while it charges and synchronizes with your PC via USB – and enjoy superb sound quality together with thoroughly unbeatable convenience. Let the great tunes go on and on – without ever running out of power.

Superb gaming sound effects

The gaming experience is never complete without great sound effects. Now your games from Smartphone or any portable device can be made even more thrilling, thanks to Philips docking speaker that puts the boom in the sound. Hear all the sounds loud and clear, and boost your experience to new levels. What's more, you can do this with outstanding convenience, via Bluetooth. Simply make the wireless Bluetooth connection between your portable device and the docking speaker, and play away.

DockStudio app on App Store

The free app adds an array of exclusive cool features to your docking speaker. You can check the weather, tell the time and even use your favorite images as wallpaper. DockStudio also lets you listen to thousands of Internet radio stations worldwide. More updates on skin styles and new functions on the way.
