

MPN: MDPFDPM

Displayport 1.2 to mini Displayport Female Adapter

The Mini Displayport Female to Displayport Male adapter (MDPFDPM) offers a convenient and reliable solution for connecting devices with different Displayport interfaces. This adapter bridges the gap between a Mini Displayport source, such as a laptop or tablet, and a standard Displayport display or cable. Ensuring a secure and high-quality connection, this adapter supports high-resolution video and audio, making it ideal for presentations, gaming, and multimedia applications. Backed by MicroConnect's 20+ years of expertise, this adapter provides a dependable connection, adhering to European quality standards and offering premium performance at a fair price.

- 4K (60Hz), 2560 x 1440 (165Hz)
