

Trust Smart Home IPCAM-2900 Smart Fixed Camera - White

Security camera with sound alarm for indoor security

Article number: 71365
Barcode: 8713439713657
GTIN: 08713439713657

Core content

Brand	Trust Smart Home
Product type	Smart Fixed Camera
Colour	White
Key features	- Receive push notifications upon detection of movement and/or sound - Human detection: prevent false alarms, e.g. due to pets walking by - High image quality of 3MP - No subscription costs: works with the free Trust Wifi app - Works at 2.4 and 5 GHz - Night vision: also in the dark a sharp image thanks to night vision mode - Very compact: only 86x46x48mm - Built-in microphone (for use in the app) - Built-in siren: deter unwanted visitors by triggering an alarm when motion is detected. Can also be operated manually via the app. - Storage on SD card (max 256 GB) (not included)
Package contents	- Security camera - Mounting materials - 2m power cable - Power adapter - Manual
System requirements	- 2.4 of 5GHz Wi-Fi network - Mains power supply - Smartphone/tablet (iOS 11+ or Android 6.0+)

Marketing

Extended retailer text	Secure what is dear to you with this wifi security camera. Thanks to human detection technology and razor-sharp images, you won't miss a single unwanted visitor. Receive instant push notifications in the app in case of movement or sound and enjoy razor-sharp images, both day and night. Razor-sharp images 24/7
------------------------	--

The Wi-Fi camera offers sharp images of no less than 3MP, even in the dark. The night vision mode automatically switches on when the light level drops, giving you clear visibility in the evening and at night too.

Prevent false alarms

Thanks to the Human Detection function, this camera recognises people, minimising false alarms caused by, for example, husky animals passing by. So you only receive notifications when it is really necessary.

Instant notification

Thanks to push notifications, you are always immediately aware of what is going on in your home. As soon as the camera detects movement or sound, you will receive an instant notification on your smartphone. So you can immediately see what's going on in the app and - when necessary - take action.

Works with the free Trust WiFi app

Control and monitor your camera very easily with the free Trust WiFi app. Whether you want to watch live view, review recordings or use the camera microphone: you can do it all via your smartphone or tablet, without expensive subscription fees

Built-in siren for optimal security

The Wi-Fi security camera is equipped with a built-in siren that (if desired) goes off automatically upon motion or sound detection. This function can also be operated manually via the app. So you are optimally protected against intruders.

Specifications

Total weight	201 g
Weight of main unit	133 g
Height of main product (in mm)	46 mm
Width of main product (in mm)	86 mm
Depth of main product (in mm)	48 mm
Sensor type	motion
Sensor resolution	2304x1296

Detection grid	Yes
