PRODUCT BENEFITS

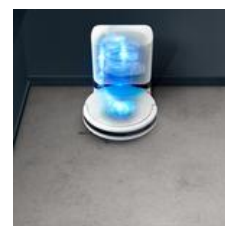

Deep vacuuming

A 6000 Pa motor for deep vacuuming, with dust and dirt easily picked up thanks to high suction power.

Up to 60 days of autonomy

Hands-off cleaning is easier than ever with auto dust emptying at the dust collecting station after each cleaning cycle and up to 60 days of autonomy.

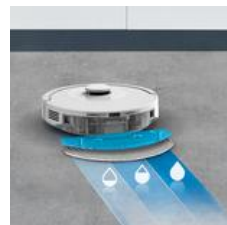

Smart navigation

Precise 360° laser detection technology ensures ultra-accurate cleaning, with permanent mapping for total surface coverage.

Precise mopping

With Smart Aqua Power, the electronic water tank controls water volume while mopping and lets you set humidity level.

2-in-1: Vacuum and mop

Vacuum and mop at the same time thanks to a side brush for hard-to-reach areas, an Animal Electro Brush for hair and lint and Smart Aqua Power.

Non-stop auto cleaning

The robot vacuum returns to its station by itself to recharge then resumes its cleaning cycle without any intervention.

Total surface coverage

The robot vacuum covers up to 270 m² in one pass (270 min) and returns to its docking station to recharge before resuming cleaning.

Tailor-made cleaning

Use the mobile app to manage maps, schedule where and when to clean, set up no-go and no-mop zones and more—for true hands-off cleaning

Deep vacuuming: 6000 Pa

With suction pressure up to 6000 Pa, the robot vacuums up all types of everyday waste for deep-cleaning vacuuming results on all types of floors.

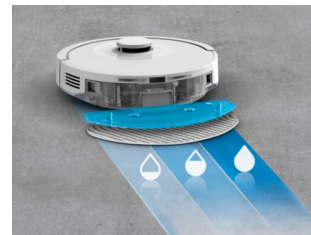

No need to empty robot's dust box

The robot automatically empties its dust box after each cleaning session for up to 60 days of peace of mind.

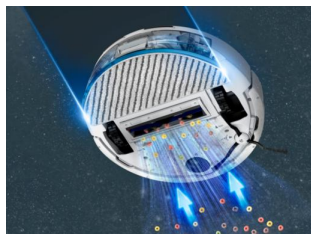

Smart navigation and permanent map

Precise 360° laser detection technology offers an ultra accurate cleaning path with a permanent map for total surface coverage and perfect cleaning results.

Precise mopping system

Precise mopping with Smart Aqua Power system. The electronic water tank adjusts water volume according to your needs.

2-in-1 vacuuming and mopping

2-in-1 cleaning action: Vacuum & mop at the same time with the bi-material brush and side brush to catch mess of all sizes and Smart Aqua Power system.

Schedule cleaning and more on the app

Tailor-made routines and Wi-Fi remote management using your smartphone: room and floor personalization, no-go zones, no-mop zones and more.
