Note:

[1] System comes with DDR5-4800 memory and will run at lower speed due to platform limitations:  
4x 32GB configuration runs at 3600 MT/s;  
other configurations run at 4000 MT/s.

[2] The max memory is based on the test results with current Lenovo memory offerings.

[3] The storage capacity supported is based on the test results with current Lenovo storage offerings.

[4] The system dimensions may vary depending on configurations.

[5] The system weight is approximate and based on results in Lenovo lab, which varies depending on the source of component, variance of the distribution of each component, and manufacturing process. It may not be the exact weight for each specific model.
