- **PID temperature control and pre-infusion** for optimal brewing quality
- **Integrated 0.3 L milk tank with auto frother and adjustable micro-foam settings**
- **LCD display and tactile button interface** for easy control
- **Energy-saving mode and removable brew group** for hassle-free maintenance
- **Dishwasher-safe components and automatic descaling program**

The Tornado TST-550M-GS 7-in-1 Multi Capsule Coffee Machine with Milk Tank is built for those who demand variety without compromising quality. Powered by a 19-bar pump and dual thermoblock system, it heats up in just 20 seconds and maintains optimal brew temperatures using PID control and pre-infusion for full flavor extraction. This model includes a built-in 0.3 L milk tank and auto frother, offering customizable micro-foam for creamy lattes and cappuccinos. The intuitive LCD screen and tactile buttons ensure smooth operation with every brew. Designed to accommodate multiple formats, it comes with 7 interchangeable adapters for Nespresso®, Dolce Gusto® (1 & 2), Lavazza®, Lavazza Blue®, Caffitaly®, and ground coffee. With a 1-liter removable water tank, dishwasher-safe parts, automatic descaling, and a removable brew group, daily use and cleaning are effortless. Compact and elegant in stainless steel and ABS, the TST-550M-GS fits perfectly into any kitchen, office, or small café space—delivering premium results with every cup.
