# 1.7L Stainless Steel Electric Kettle With LED Ring

EAN 6221127476019

- **1.7 L capacity with fast 2200 W concealed heating element**
- **Durable stainless steel body with hygienic, long-lasting use**
- **LED ring indicator and push-button lid for added convenience**
- **Auto shut-off and boil-dry protection for safe operation**
- **Removable washable filter and 360° swivel base for easy handling**

The Tornado TKE-01401ZA-GS Stainless Steel Electric Kettle is crafted for performance, durability, and daily convenience. Equipped with a powerful 1850–2200 W concealed heating element, it boils up to 1.7 liters of water in just 2–2.5 minutes—ideal for tea, coffee, or cooking prep.

The food-grade stainless steel body offers hygienic, long-lasting use, while the LED ring indicator adds a modern visual cue when the kettle is active. A push-button lid makes one-handed filling effortless, and the removable washable filter helps maintain water purity. Auto shut-off and boil-dry protection ensure safe operation, and the 360° swivel base allows easy, cordless pouring from any angle. Compact and efficient, the TKE-01401ZA-GS is a reliable upgrade to your daily essentials.
