Trim, edge and shave any length of hair effortlessly

Designed to cut hair, not skin

The new OneBlade 360 trims, edges and shaves any length of hair more effortlessly. Easily shave & trim even the most difficult to reach areas with fewer* passes. Forget about using multiple steps and tools. OneBlade does it all.

Easy to use

- Optimise your shaving routine every time
- Click-on body comb (3 mm)
- Charge anytime, anywhere
- Fully waterproof
- Blade that doesn't fade easily
- 60 min Li-Ion battery

Comfortable shave

- Shave it off
- Unique OneBlade Technology
- Innovative 360 Blade

Sharp edges

Even trim

Refurbished OneBlade

Highlights

Use less. Re-use more.

At Philips, we renew products returned by our customers to give them a second life. With our refurbished products, we always strive for the highest quality and offer you a more sustainable alternative. Your refurbished OneBlade comes with a 2 year warranty.

Unique OneBlade Technology

Philips OneBlade has a revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual protection system — a glide coating combined with rounded tips — makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (12,000 x per min) so it's efficient — even on longer hairs.

Innovative 360 Blade

The innovative 360 Blade can flex in all directions to adjust to the curves of your face. The design enables constant skin contact and control. Easily trim and shave hard-to-reach areas — with just a few strokes and great comfort.

Trim away

Unique open comb design for an efficient trim without clogging and interrupting your routine - even on long and thick hair.

Edge it up

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

Shave it off

OneBlade does not shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and easily shave off any length of hair on your face or body. Includes two blades - one for face and one for body.

Personalised experience

The free Philips OneBlade app is your ticket to styling and performance. Try on facial hair styles using augmented reality and get step-by-step guidance that includes a handy live beard-line previewer. Know when to switch up a blade or charge up the battery, and get personalised recommendations based on your actual grooming routine.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Click-on skin guard

Attach the skin guard for an extra layer of protection on sensitive areas.

Click-on body comb

Attach the body comb (3 mm) for an easy trim in any direction.

OneBlade 360 with Connectivity

Refurbished Face + Body

QP4631/65R1

Highlights

USB-A charging

Can be charged at home or on the road, perfect for your daily routine and for travel.

Blade that doesn't fade easily

Durable stainless-steel blade that lasts up to 4 months of use* to keep that fresh feel. When the replacement indicator - eject icon - appears

on the blade, the blade performance may no longer be optimal. It is time to consider changing the blade for the best shaving experience

Wet and dry

OneBlade is fully waterproof (IPX7), so it is easy to clean: just rinse it under the tap. You can shave wet or dry, even in the shower - whichever you prefer. No shaving foam needed.

60 min Li-Ion battery

Rechargeable Li-ion battery delivers 60 minutes of constant shaving power after a 1 hour charge.
