

Philips LatteGo milk system

CA6708/20

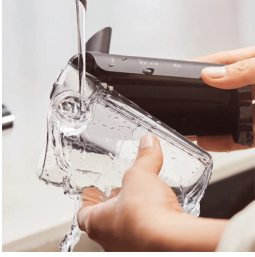

- 2 parts, no tubes milk system
- Silky-smooth milk froth
- Dishwasher-safe, easy to clean

LatteGo, the fastest-to-clean milk system ever*

- LatteGo is exceptionally easy to clean: 2 parts, no tubes
- Silky smooth milk froth thanks to high speed LatteGo system
- Both parts of LatteGo are dishwasher safe
- Storage lid on LatteGo keeps your milk fresh in the fridge
- Plant-based milk alternatives

Highlights

2 parts, no tubes milk system

Our 2 parts milk system doesn't have any tubes or hidden parts and can be cleaned in as little as 15 seconds under the tap* or in the dishwasher.

LatteGo milk system

Top your coffee off with a silky-smooth layer of milk froth. By using cyclonic frothing technology, LatteGo releases a powerful stream of microbubbles at a speed of 394 metres per second, creating a rich and dense milk foam.

Dishwasher safe

For your convenience, you can put LatteGo in the dishwasher. This will save time and ensure a hygienic clean.

Storage Lid

You can use the dedicated storage lid for LatteGo for easy and convenient storage inside or outside the fridge

Plant-based milk alternatives

Enjoy silky-smooth cappuccino, even with your favourite plant-based milk alternatives. Thanks to the cyclonic frothing technology, LatteGo transforms various types of milk and plant-based alternatives with the right amount of fat and protein into the best possible dense layer of foam.

Specifications

General Specification

Product Type: LatteGo
Primary Material: Plastic
Dishwasher safe: Yes
