

Fiber Optic Cleaner, Fiber Connector Cleaning Cassette, LC Fiber Cleaner, Fiber Optic Cable Cleaner, for LC/SC/ST/FC Optical Fiber Cables

Product ID: FOCLEANER

Ensure optimal performance with this practical fiber optic cleaner, designed for LC, SC, ST, and FC fiber connectors. It provides quick, effective cleaning for reliable signal quality in critical network environments.

This Fiber Optic Cleaner effectively removes dust and particles to prevent contamination that can compromise connection reliability and signal quality. Because optical fiber is highly sensitive to contamination, keeping fiber ends clean is essential for maintaining consistent performance, especially in high-bandwidth connections where even minor particles can disrupt signal integrity.

Cleaning fiber connector ends is simple with the intuitive push-button mechanism. Simply press to expose the cleaning belt, then swipe the fiber connector to remove particulate matter and ensure a clean contact surface in just a few quick motions.

This Optical Fiber Cleaning Tool is suited for fiber optic network maintenance, server racks, and data centers. Its compact design is ideal for technicians working with high-density fiber setups, including patch panels and transceivers. Compatible with both APC and UPC-polished fiber ends, it supports a wide range of fiber connection types.

Certifications, Reports and Compatibility

Applications

Features

- **EFFECTIVE FIBER CLEANING:** Maintain optimal signal quality by removing dust and particulate matter from fiber optic connectors; Compatible with LC, SC, ST, and FC fiber ends, this cleaner helps prevent contamination that can degrade signal performance
- **EASY ONE-PUSH OPERATION:** Clean fiber connectors instantly with a simple push-button design; Press to retract the shutter and expose the dry cleaning belt, then swipe the connector back and forth; No liquid solution required and is safe for travel
- **LONG-LASTING PERFORMANCE:** The internal fiber cleaning belt supports up to 500 uses, advancing with each press of the button to provide a fresh cleaning surface for every use
- **APPLICATIONS:** Ideal for fiber optic networks, data centers, and server rack installations; Essential tool for technicians cleaning cables and jumpers in high-density environments; Suitable for 2.5mm/1.25mm ferrules, and APC and UPC-polished fiber ends
- **FIELD-READY:** Compact and lightweight design, ideal for on-site fiber maintenance; The built-in protective shutter automatically resets after each use, shielding the cleaning belt from dust and damage

Performance

Warranty	2 Years
MTBF	Up to 500 uses

Environmental

Operating Temperature	-10C - 50C (14F to 122F)
Storage Temperature	-40C - 60C (-40F to 140F)
Humidity	N/A

Physical Characteristics

Color	Green
Product Length	3.1 in [8.0 cm]
Product Width	5.1 in [13.0 cm]
Product Height	1.4 in [3.5 cm]
Weight of Product	5.2 oz [147.0 g]

Packaging Information

Package Length	3.5 in [9.0 cm]
Package Width	9.1 in [23.0 cm]

Package Height	1.6 in [4.0 cm]
----------------	-----------------

Shipping (Package) Weight	6.4 oz [180.0 g]
------------------------------	------------------

What's in the Box

Included in Package	1 - Fiber Optic Connector Cleaner
---------------------	-----------------------------------

****Product appearance and specifications are subject to change without notice.***
