

## **T98 Ferrari 296 GTB: All the fun of driving!**

- 7:10 scale replica of the Ferrari 296 GTB steering wheel.
- Complete and ready to play: racing wheel and pedal set officially licensed by PlayStation® and Ferrari®, compatible with PS4®, PS5® and PC.
- Drive profile feature: 3 easily-accessible sensitivity settings, thanks to the manettino dial.

### **Ergonomically designed and fun for gaming**

- 10" / 25.4 cm wheel rim, inspired by the steering wheel of the Ferrari 296 GTB and perfect for all gaming skill levels — from experienced to beginner players.
- Bungee cord technology for recentering the wheel rim: greater steering accuracy and enhanced immersion compared to a standard gamepad.
- Drive profile feature, allowing gamers to quickly adjust the wheel rim's sensitivity according to their skill level and the type of race (rally, single-seater, GT).
- Compact base with central clamping system for quick and easy installation and removal.

*Manettino dial to select the Drive profile during the game*

### **Plug & Play**

- Officially licensed by PlayStation® and Ferrari®.
- Everything you need to start playing right away (pedal set, racing wheel, clamping system). No additional software required.
- Great for all types of games (GT, F1, Trucking and Farming, rally, arcade, etc.).

### **Reliable and long-lasting**

- Proven bungee cord wheel rim recentering system, and improved reparability\*.
- Includes 2-pedal T2PM pedal set, featuring H.E.A.R.T magnetic sensors with no potentiometers or friction, for enhanced precision that won't decrease over time.

### **Compatible platforms\*\***

- **Compatible with PC (Windows® 10/11)**
- **Compatible with PS4® and PS5®**

\* Compared to the T80 Ferrari 488 GTB and Ferrari 458 Spider ranges
