WHAT'S IN THE BOX:

Main unit, starter toner for 1,000 pages, Quick Guide, safety instructions, power supply cord.

DVD with drivers, software and user manual not included. Computer with internet connection required to download drivers and software.

The device is not designed to achieve the specified volumes in continuous operation. The maximum volumes relate to the use of the print or scan unit and include their use for the printing, copying and scanning functions. Note: In this context, a copied page corresponds to a scanned and a printed page. ²Optional SD/SDHC memory card is required.

³Depending on the country.

ECOSYS stands for ECOlogy, ECOnomy and SYStem printing. With their longlife components, ECOSYS devices are designed to maximise durability and minimise the total cost of ownership with regard to maintenance, administration and consumables. The cartridge-free system means that only the toner has to be replaced regularly. The modular design concept allows you to add workflow enhancing functions as required. Integrated system software provides long-term cross network compatibility. KYOCERA's long-life components cost you and the environment less.
