Warnings!

- StarTech.com Ltd. is not responsible for any property damage and/or personal injury resulting from the installation procedures outlined in this technical document.
- Product installation and mounting should be completed by a certified professional as per the local safety and building code guidelines.
- Read the entire manual and ensure the instructions are fully understood before assembling, installing, and/or using this product. Failure to do so might result in personal injury or property damage.
- Do not exceed the weight capacity of this product. Overloading this product might result in personal injury or property damage. Visit [www.StarTech.com/support](http://www.StarTech.com/support) to find the specific capacity of the product.
- Before adding equipment to this product, ensure that has been properly mounted.
- Never assemble, install, or operate this product if parts are missing or damaged.
- The mounting instructions and hardware included with this product may not be suitable for the specific wall structure used. If you lack the necessary expertise required to attach this product to the wall structure or to assess the suitability of the hardware provided, please contact a professional installer.
- If you lack the necessary expertise to wall mount this product, contact a construction professional to install it or to provide specific mounting instructions for the wall structure.
- Wall structures vary. Ensure the type of wall structure and mounting hardware will properly support the mounted equipment. Failure to do so might result in personal injury and/or equipment damage. The wall structure should be capable of supporting at least four times the weight of the mounted equipment.
