Great results in half the time with combined heating
The 8000 MealAssist Combiquick® combi Oven combines heating functions and microwave for cooking in half the time without compromising results. And the CookSmart Touch display guides you from everyday meals to the most ambitious dishes.

Product Benefits & Features

Microwave and Oven. Dual functions for delicious dishes
Microwave and Oven merges hot air circulation with advanced microwave technology for grilling, roasting and baking up to 50% faster than a conventional oven.

CookSmart Touch. Smart cooking at your fingertips
The CookSmart Touch display with swipe navigation lets you receive cooking tips and select oven functions. And with energy-saving tips, you can cook more efficiently. Your favourite dishes and methods can be saved on the app and sent to the oven at the touch of a button.

Functions and Dishes. Automatic settings and step-by-step guidance
Assisted cooking Functions provide the best settings and automatic options such as Roast, Reheat and Dough Prove for outstanding results. And the Assisted Dishes function offers step-by-step guidance for meat, baking, cooking plant-based dishes, fish or vegetables.

Ensure precise cooking with the new Food Sensor
The new Food Sensor notifies you when your desired temperature is reached and allows you to precisely monitor the cooking process to achieve perfect results every time.

Cooked Evenly everywhere
The clever Hot Air convection system ensures hot air ciculates evenly throughout the oven cavity, for a cooking process that is faster, and more energy efficient.

- Connectivity: Control your oven via your smartphone or tablet.
- Our award winning 4-inch display screen with intuitive touch control for easy use.
- Food probe
- SoftMotion™ for a smooth, silent action when closing the door.
- Electronic touch controls.
- Cooling fan
- Residual heat cooking uses the leftover heat in the oven to finish the cooking process, helping to reduce energy consumption.
- Microwave function
- Fan controlled defrosting
- LED digital display
- Isofront® Plus Triple Glazed Door
- Child lock
- Turbo grilling
- Inverter microwave technology cooks food evenly, preventing hot spots by spreading heat consistently.
