AEG

6000 Built-in drawer Matt Black

OD8K11T

Warm plates, heat food, store dishes and cooking tools.
A warming drawer system that keeps your plates warm and heats up your dishes. A perfect complement to the oven. Design integration with other appliances.

Product Benefits & Features

The secret to warmer food on the table: A built-in warming drawer
With a built-in warming drawer in your kitchen, food stays at the perfect serving temperature until it gets to the table.

Uncomplicated, efficient, mechanical control
Uncomplicated, efficient, mechanical control: The simplest way to choose the setting that suit you best.

Perfect alignment: Built-in storage drawer complements oven
The design of the built-in storage drawer is designed to align perfectly with the design of the oven while keeping plates, glasses, and trays at hand and out of sight.

Built-in warming drawer: Warm food, warm plates
Keep food and plates warm until it's time to serve with the built-in warming drawer.

Versatile storage drawer, aligned with design
The storage drawer perfect for storing ceramic plates, glasses, sous-vide bags and trays from the oven. Fully aligned with the rest of the built-in kitchen products.

- Adjustable thermostat rotary control
- On/off switch with LED lamp
- Anti-slip mat
