Up level performance. Not size.

Pro-level performance combines with true mobility in this sleek and powerful laptop. Review 3D designs, create with AI tools in pro apps, run Copilot¹ locally and work on multiple projects anywhere. Stay productive with an AI PC mobile workstation that delivers power efficiency and long-lasting battery.²

Upgrade to pro-level components

Say goodbye to lags and crashes with fast responsiveness on projects. With up to an AMD RyzenTM AI 9 PRO 375 processor³ and 64GB of memory,⁴ open large files and run pro apps simultaneously for speedy multitasking and increased productivity.

Work all day. Anywhere.

The most mobile ZBook, now redesigned, is made to move. With a long-lasting battery² this sleek device is small enough to fit in your bag so you can stay productive anywhere. This is high performance workstation power on the go.

Accelerate AI workflows

Hardware AI accelerators deliver power to propel advanced workloads. Offload and run productivity tasks locally up to 55 TOPS NPU⁵ while also multi-tasking across AI accelerated professional applications.

Help protect our shared future with PCs that drive towards increasing sustainability.

HP cares about the impact our products have on our people, communities, and the planet. That's why this device is EPEAT® Gold registered⁶ and the outer box packaging is 100% sustainably sourced.⁷

HP Recommends Windows 11 Pro for business with Microsoft Copilot

Work anywhere without compromising on performance with Windows 11 and HP collaboration, security, and connectivity technology. Summarize and rewrite content, get relevant content recommendations, and stay organized with Microsoft Copilot.^{8,1}

AMD Ryzen[™] PRO mobile processor

Redefine workstation capabilities with up to an AMD Ryzen[™] AI 9 PRO 370 processor delivering outstanding CPU capabilities, unified memory, and ISV-certified graphics to power through complex workflows.³

Unified Memory Architecture

Accelerate your workflow with up to 64GB of memory. The unified memory architecture allows you to assign up to 32GB memory exclusively to the GPU for fast editing and design.⁴

Lightning-fast Storage

Blitz through multiple tasks and ditch external drives with up to 2 TB local NVMe storage.⁹

HP AI Companion

Elevate your everyday tasks with a collection of AI tools and solutions that can increase your productivity and keep you running at your best.¹⁰

HP Smart Sense

HP Smart Sense intelligently optimizes your PC's thermal and power management based on your usage. Select full performance mode when completing demanding tasks to maximize performance.¹¹

HP DreamColor Display

Have confidence in what you see on screen with an optional HP DreamColor Display with 100% DCI-P3 color gamut and a 120Hz refresh rate you get smooth motion for high-speed videos.^{12,13}

Network Connectivity

Stay connected from nearly anywhere with support for various network connectivity options. Choose 5G or Wi-Fi 7, for a fast and reliable connection in wireless environments or with the all new RJ-45 get a smooth, wired Internet experience.^{14,15,16}

Poly Camera Pro

Look your best on video calls and save some power too. Manage your video controls for internal and external cameras with Poly Camera Pro. Now Auto Frame, Spotlight, Background Blur, and virtual backgrounds save power running on the NPU.¹⁷

Protected by HP Wolf Security.

HP Wolf Security for Business creates a hardware-enforced, always-on, resilient defense. From the BIOS to the browser, above, in, and below the OS, these constantly evolving solutions help protect your PC from modern threats.¹⁸

Specifications Table

Available Operating Systems	Windows 11 Pro ¹ Windows 11 Home ¹ Windows 11 Pro Education ¹ Windows 11 Pro (Windows 11 Enterprise available with a Volume Licensing Agreement) ¹ Windows 11 Home Single Language – HP recommends Windows 11 Pro for business; FreeDOS 3.0 ¹ FreeDOS 3.0 Ubuntu 24.04 LTS ⁵¹
Processor family ^{2,6,7}	AMD Ryzen [™] 9 PRO processor
