Double Stack Air Fryer 11L

EAN 6221127488975

AIR FRYER

- 11 L twin-zone capacity with two XXL 5.5 L baskets
- Sync-Finish technology for perfectly timed cooking
- 10 presets with manual control from 60–200°C
- Dual 1400 W heaters with 360° Hot Air for crisp results
- Transparent viewing windows and dishwasher-safe baskets

Elevate everyday cooking with the Tornado Twin Zone Air Fryer 11 L – our most advanced model yet. Equipped with two XXL 5.5 L baskets and dual 1400 W heating systems, this air fryer surrounds food with 360° hot air to deliver crispy results with minimal oil. The Sync-Finish function lets you cook two foods at once and ensures they finish at the same time, while the vivid color touchscreen puts 10 one-touch cooking presets at your fingertips—French fries, vegetables, chicken, wings, fish, shrimp, steak, pizza, cake, and defrost. Manually adjust the temperature between 60–200°C and set cooking time up to 60 minutes per zone for total control. Transparent windows and internal lighting give you real-time visibility without opening the drawers, and the reinforced non-stick baskets are fully dishwasher safe for quick cleanup. Built-in safety features include cool-touch exterior walls and overheat protection. With its large capacity and space-saving double-stack design, it's perfect for preparing full family meals with professional results.
