"Easy smart lighting"

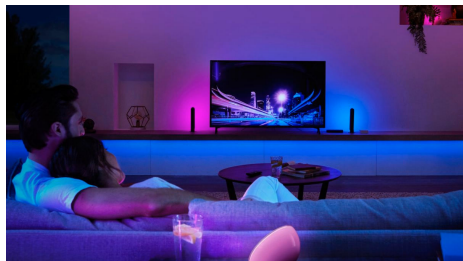

Transform your entertainment into a fully immersive light syncing experience. The Philips Hue Play HDMI sync box 8K elevates the way you play, watch and listen by syncing your Philips Hue lights to what's on your screen. With an ultra-fast refresh rate, it matches your light colours with the highest quality video content at 8K 60Hz and 4K 120Hz.

Limitless possibilities

- Sync your Philips Hue lights to your TV screen
- Fast and seamless light experience
- Works with any Hue colour-capable light
- Personalise settings in the app
- Easy to install, set up and use

Highlights

Sync your Philips Hue lights to your TV screen

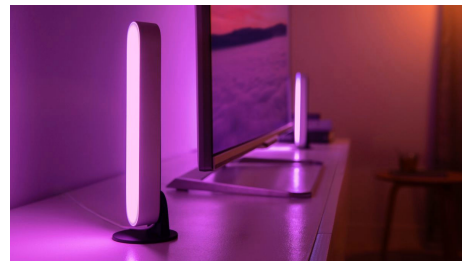

Create an immersive media experience with the Philips Hue Play HDMI Sync Box. Simply connect the sync box to an HDMI media device – including streaming devices, gaming consoles, set-top boxes and more – to watch streaming services such as Netflix and Amazon Prime. Your lights will dim, brighten and change colour in sync with the content on your TV screen.

Fast and seamless light experience

Experience no delay as your lights sync to your TV screen — whether you're playing films, music, or games — creating a truly immersive media experience. Watch your favourite content like never before with the sync box.

Works with any Hue colour-capable light

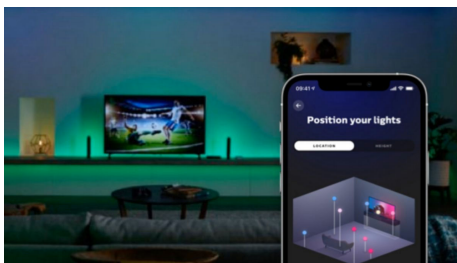

The sync box works with all Philips Hue White and colour ambiance bulbs or fixtures. Add up to 10 Philips Hue colour-capable lights to your Entertainment area, and then watch as each light individually responds to your on-screen TV content to bring your media to life with surround lighting.

Personalise settings in the app

Make your entertainment media experience your own. Use the app to change your light settings, such as the brightness and speed of the effects, as well as define default start-up settings.

Easy to install, set up and use

A simple set-up allows you to easily connect to your Hue Bridge and use your sync box with any TV and HDMI device. Control your entertainment experience and sync box any way you want: with the app, on-product control button, any infrared TV remote, or your voice via Amazon Alexa, Siri and the Google Assistant.

Specifications

Design and finishing

- Colour: Black
- Material: Metal, Synthetic

Durability

- Nominal lifetime: 10,000

Environmental

- Operational humidity: 5% <H<95% (non-condensing)
- Operational temperature: 0 °C - 40 °C

Extra feature/accessory incl.

- Power adapter included: Yes

Guarantee

- 2 years: Yes

Packaging information

- EAN: 8719514458666

Power

- Power Supply: 100 - 240 V

Power consumption

- Adapter voltage: 12
- Standby power consumption: 0.8
- Power: 7

Product dimensions and weight

- Net weight: 0.59 kg
- Net weight: 1.30 lb
- Overall height: 25.3 mm
- Overall length: 200 mm
- Overall width: 108.3 mm
