

HP 405 Quiet Black Wireless Mouse

Work your way

Work your way with a mouse designed to keep up with you. With vertical/horizontal scrolling, 24-month battery life¹ and quiet clicks, the durable, soft silicone HP 405 Quiet Wireless Mouse helps you work wherever you are.

*Product image may differ from actual product

Quiet clicks and quick access Quiet clicks, vertical/horizontal scrolling options, and access to the Microsoft® Wheel setting for easy shortcuts from one click of the center button,² help you do more, quickly and quietly.	Comfortable and durable, with soft-silicone Made of soft, silicon rubber, this mouse was designed for durability and comfort. With an ambidextrous form that is comfortable in your hand, it's also easy to clean and sanitize.	Stay on the move with a mouse that keeps you going Wireless connectivity, via Bluetooth or a 2.4GHz Dongle, gets you up and running, then keeps you there. Up to 6000 adjustable DPI keeps you tracking almost any surface⁵, while a 24-month battery life¹ ensures that you stay in your flow.

Footnotes

Messaging Footnotes

¹ From 1 AA battery. Battery life is an estimate and varies depending on many factors, including number of active, idle and asleep hours of use, number of applications running, environmental conditions and features used; actual battery life will vary with usage and environmental condition. The maximum capacity of battery will naturally decrease with time and usage.

² Requires Windows 10 or higher.

³ Recycled material is express as a percentage of the weight of total recycled materials over the total product weight. The final percentage of recycled material is base on the definition of set by SCS Global service- SCS-103 Annex A Certification.

⁴ Forest Stewardship Council® (FSC) Certified, meaning all components of our packaging come from responsibly managed forests to provide environmental benefits.

⁵ Glass surface may affect functionality.

Technical Specifications Footnotes

¹ Recycled material is express as a percentage of the weight of total recycled materials over the total product weight. The final percentage of recycled material is base on the definition of set by SCS Global service- SCS-103 Annex A Certification.

² Glass surface may affect functionality.

³ The SCS Certification Standard for Recycled Content Annex A is for brands that want a product-level claim to demonstrate the total percentage of recycled content used in electrical and electronic equipment products. Recycled content is the proportion, by mass, of recycled material in a product. [ISO 14021]

⁴ Forest Stewardship Council® (FSC) Certified, meaning all components of our packaging come from responsibly managed forests to provide environmental benefits.
