Specification

|                        |                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------|
| Manufacturer Part #    | DP18014M1025                                                                                  |
| OS                     | Windows 11 Pro                                                                                |
| CPU                    | Intel® Core™ i5-14400 10C/16T 9.5MB Cache                                                     |
| Chipset                | Intel H610                                                                                    |
| Motherboard            | Proprietary                                                                                   |
| CPU Cooler             | Air Cooling                                                                                   |
| VGA                    | Intel UHD 770                                                                                 |
| Memory (GB)            | 32GB' DDR5 U-DIMM (2 x 16GB @3000GHz) 6000 MHz                                                |
| LAN                    | Intel® I226V (2.5G LAN) + Intel® I219-V (1G LAN)                                              |
| Wireless Communication | WIFI 6E - AX 211                                                                              |
| Audio                  | Front:<br>1 x Mic-in/Headphone-out<br>Rear:<br>3 x Audio Jack                                 |
| Video Port             | 1x HDMI™ out (2.0b)<br>1x D-Sub (VGA)<br>1 x DP-out (1.4)                                     |
| Expansion Slots        | 1x 2.5” HDD / SSD<br>1x 3.5” HDD                                                              |
| USB                    | Front:<br>1 x USB 3.2 Gen 2 Type C<br>2 x USB 3.2 Gen 1 Type A<br>Rear:<br>4 x USB 2.0 Type A |
| HDD/SSD                | 1TB PCIe M.2 2280 M-Key                                                                       |
| Peripherals            | Wired Copilot KBMS Set(BLK)                                                                   |
| Power Supply           | ATX 650W PSU                                                                                  |
| Chassis Size           | 6.61" x 12.72" x 14.53"                                                                       |
| VESA                   | N/A                                                                                           |
| Color                  | BLK                                                                                           |
| Dimensions             | 6.61" x 12.72" x 14.53"                                                                       |
| Weight                 | 16.74 lbs                                                                                     |
| Warranty               | 3 Year                                                                                        |
