

Quiktron
Q-Series Patch Cords, Cat6A, Reduced Diameter, Yellow, 4ft
Part No. DPC_QT_576A-RD15-004

The Q-Series, Yellow, 4ft, Cat6a Snagless Unshielded (UTP) Reduced Diameter Patch Cable is designed for high density cabling applications like an intermediate distribution frame, a main distribution frame, or a telecommunications closet. The molded, snagless boot prevents cable snags during installation providing additional strain relief. This cable supports ethernet speeds up to 10Gbps at distances up to 328ft. This cable is available in a variety of colors to easily color-code your network installation. The use of 28AWG conductors allows for improved airflow when compared to standard Cat6a patch cables. Additionally reduced diameter cables a much greater flexibility for easier installation and when space is critical. These cables are available in a variety of colors to easily color-code and index your network.

Features & Benefits

Preferred solution for high density applications	Increased airflow due to 23% reduction in diameter over a standard Cat6A patch cable
Easy to route through cable management panels due to small size and small bend radius	Easy installation made possible by snagless boot which prevents cable snags
Available in a variety of colors for to aid color-coded network installation	

Specifications

General Info

Product Line	Quiktron	Color	Yellow
UPC Number	884815749411	Country Of Origin	Vietnam
Features	Reduced Diameter	Application Sector	Commercial, Industrial
Warranty Type	5-Year	Type	Copper Patch Cord

Dimensions

Product Width US	4.8 mm	Product Weight US	0.168 lb
Product Length US	4.0 FT	Cable Length	4 ft

Listing Agencies / 3rd Party Agencies

CE Certified	Yes	REACH Compliant	Yes
--------------	-----	-----------------	-----

Additional Information

RoHS Compliant	Yes

Technical Information

Jacket Material	PVC	Operating Temperature Min	-10 °C
-----------------	-----	---------------------------	--------

Category Performance Rating	Cat6a	Compatibility	RJ-45
-----------------------------	-------	---------------	-------

Wire Gauge	28 AWG	Storage Humidity	0-90% RH (Non-Condensing)
------------	--------	------------------	---------------------------

Plating Specification	50 µ in Gold	Jacket Application	In-Wall Rated
-----------------------	--------------	--------------------	---------------

Bend Radius	19.812 mm	Shielded/Unshielded	Unshielded
-------------	-----------	---------------------	------------

Termination Style	Pre-Terminated	Conductor Stranding	Stranded
-------------------	----------------	---------------------	----------

Operating Temperature Max	60 °C	Cable Type	Unshielded (UTP)
---------------------------	-------	------------	------------------

Jacket Rating	CMG Rated	Temperature Rating	-20° - 75° C
---------------	-----------	--------------------	--------------

Cable Diameter	4.953 mm	Braid	Non-braided Wiring
----------------	----------	-------	--------------------

Indoor/Outdoor	Indoor	Connector 2	RJ-45 Male
----------------	--------	-------------	------------

Connector 1	RJ-45 Male	Operating Temperature	-10°-60°C
-------------	------------	-----------------------	-----------

Operating Humidity	0-90% RH (Non-Condensing)	Conductor Material	Copper
--------------------	---------------------------	--------------------	--------

Voltage	300.0 V	Storage Temperature	-40° - 60° C
---------	---------	---------------------	--------------
