

MPN: MC-PCIEX8-X710T2L

Network Card PCIe x8 X710T2L

2×10GBASE-T/NBASE-T Server

The Intel X710T2L Dual-Port 10GBASE-T/NBASE-T Server NIC delivers high-speed, flexible Ethernet connectivity over copper, powered by the Intel X710-AT2 chipset. With support for both 10GbE and NBASE-T speeds, this PCIe x8 adapter is ideal for modern data centers and enterprise networks requiring scalable performance and simplified cabling.

- Dual 10GBASE-T/NBASE-T Ports – Supports 10G/5G/2.5G/1G/100Mbps speeds over standard RJ45
- Intel X710-AT2 Chipset – Delivers reliable, high-performance networking with advanced features
- PCIe Gen3 x8 Interface – Ensures high throughput and compatibility with modern server platforms
- Flexible Copper Connectivity – Uses Cat6a/7 cabling for up to 100m reach
- Virtualization Ready – Supports SR-IOV, VMDq, and DPDK for optimized virtual environments
- Energy Efficient Ethernet (EEE) – Reduces power consumption during low data activity
- Compatible: Windows 10 / 11 (64-bit)
- Compatible: Windows Server 2008 / 2012 / 2016 / 2019 / 2022 / 2025
- Includes 1 x User´s Manual, 1 x CD-Driver, 1 x Low profile bracket

Specifications

Design	Chipset	Intel X710-AT2
	Internal	Yes
	Recommended usage	PC
Network	Maximum data transfer rate	10000 Mbit/s
Ports & interfaces	Connectivity technology	Wired
	Host interface	PCI Express
	Interface	RJ45 Ethernet
Vendor information	Brand Name	MicroConnect
	Warranty	25 Year(s)
