

MPN: LVR-PDUBRACK-1100MM

Vertical PDU Bracket suitable for 1100 mm depth cabinets.

The L-shaped bracket configuration enables high-density vertical mounting by leveraging the full RU height while maintaining mechanical load-bearing capacity.

This structural arrangement supports precise alignment of PDUs and cable management components, ensuring unobstructed airflow paths and full compliance with rack accessibility standards.

- Optimized component alignment allows precise positioning of PDUs
- Structural integrity is maintained, ensuring mechanical load-bearing capacity under operational conditions.
- L-shaped bracket configuration enables high-density vertical mounting by utilizing the full rack unit (RU) height.
- Fits 1100 mm depth cabinets
