

245521 1-Port 20W GaN Slim USB-C PD Charger

Product Images

Short Description

- USB Power Delivery (PD) 3.0 technology with quick charge function
- GaN Technology: Gallium Nitride for higher efficiency and compact size.
- Input voltage: 100-240V AC, 50/60Hz
- USB-C output: DC 5V==3A, 9V==2.22A, 12V==1.67A (Max. 20W)
- Compatible with most of smartphones and tablets with USB-C charging
- Slim & Lightweight Design: Ultra-compact form factor for portability and travel
- Overload, overvoltage, overcurrent and short-circuit protection

Description

The Equip 245521 1-Port 20W GaN Slim USB-C PD Charger is a compact and efficient charging solution designed to meet the power needs of today's mobile lifestyle. Built with advanced GaN (Gallium Nitride) technology, this charger delivers higher efficiency and reduced heat generation compared to traditional silicon chargers, enabling a slimmer and more portable design without compromising on performance.

With a USB-C Power Delivery (PD) output of up to 20W, it provides fast and reliable charging for a wide range of devices, including smartphones, tablets, wireless earbuds, power banks, and other USB-C enabled gadgets. The intelligent PD protocol automatically detects the connected device and supplies the optimal power level, ensuring safe and efficient charging while protecting your devices from overcurrent, overvoltage, and short circuits.

Additional Information

Number of outputs.	1
Fast charging technology.	Quick Charge 3.0
Programmable power supply (PPS) (YES/NO).	No
Port 1 Power Output.	USB-C Output: 5V==3A, 9V==2.22A, 12V==1.67A (Max.20W)
Sustainability Compliance.	No
Power input.	100-240V AC, 50/60Hz
Approval and Compliance.	CE ,ROHS
Package Contents.	1-Port 20W GaN Slim USB-C PD Charger
Color.	White
EAN.	4015867242674
Model Number.	245521
Dimensions (W x D x H).	15 x 36 x 81 mm
Product weight (kg).	0.048
