

MPN: MC-PCIEX4-I225-T4

## Network Card PCIe x4 I225-T4 Quad-2.5G RJ45

Enhance your network performance with the PCIe x4 I225-T4 Quad-Port 2.5G RJ45 Network Card, engineered for speed, stability, and versatility. Featuring four Intel I225-powered 2.5 Gigabit Ethernet ports, this card is ideal for high-throughput environments such as servers, NAS systems, and advanced workstations. Its PCIe x4 interface ensures fast and reliable data transfer, while support for advanced networking features like VLAN, link aggregation, and PXE boot makes it a powerful solution for modern networking needs. With broad OS compatibility and essential accessories included, installation is seamless across a wide range of systems.

- Quad 2.5G RJ45 ports powered by Intel I225 controllers for high-speed networking
- PCIe x4 interface compatible with x4, x8, and x16 slots for flexible installation
- Supports VLAN tagging, link aggregation, PXE boot, and Wake-on-LAN
- Compatible with Windows 10/11, Linux kernel 5.x+, and VMware ESXi 7.0/8.0
- Compliant with IEEE 802.3az for energy-efficient Ethernet performance
- Includes 1 × User's Manual, 1 × CD-Driver, 1 × Low profile bracket

## Specifications

|                    |                            |               |
|--------------------|----------------------------|---------------|
| Design             | Chipset                    | Intel I225    |
|                    | Internal                   | Yes           |
|                    | Recommended usage          | PC            |
| Network            | Maximum data transfer rate | 2500 Mbit/s   |
| Ports & interfaces | Connectivity technology    | Wired         |
|                    | Host interface             | PCI Express   |
|                    | Interface                  | RJ45 Ethernet |
| Vendor information | Brand Name                 | MicroConnect  |
|                    | Warranty                   | 25 Year(s)    |
