

MPN: MC-PCIEX1-I350-F4

## Network Card PCIe x1 I350-F4 Quad-1GbE SFP

The PCIe x1 I350-F4 Quad-Port 1GbE SFP Network Card is a compact, high-efficiency fiber networking solution designed for systems with limited expansion slots. Featuring four Intel I350-powered SFP ports, this card supports 1 Gigabit fiber transceivers for reliable, long-distance, and interference-resistant networking. Its PCIe x1 interface ensures broad compatibility with most motherboards, making it ideal for compact servers, firewalls, and embedded systems. With support for advanced networking features and wide OS compatibility, it's a versatile choice for secure and high-performance fiber connectivity.

- Quad 1GbE SFP ports powered by Intel I350 controller for fiber-based networking
- PCIe x1 interface compatible with x1, x4, x8, and x16 slots for flexible installation
- Supports VLAN tagging, link aggregation, PXE boot, and Wake-on-LAN
- Compatible with Windows 10/11, Linux kernel 5.x+, and VMware ESXi 7.0/8.0
- Compliant with IEEE 802.3z and 802.3x standards for Gigabit fiber Ethernet
- Includes 1 × User's Manual, 1 × CD-Driver, 1 × Low profile bracket

## Specifications

|                    |                            |                 |
|--------------------|----------------------------|-----------------|
| Design             | Chipset                    | Intel NHI350AM4 |
|                    | Internal                   | Yes             |
|                    | Recommended usage          | PC              |
| Network            | Maximum data transfer rate | 1000 Mbit/s     |
| Ports & interfaces | Connectivity technology    | Wired           |
|                    | Host interface             | PCI Express     |
|                    | Interface                  | SFP             |
| Vendor information | Brand Name                 | MicroConnect    |
|                    | Warranty                   | 25 Year(s)      |
