

MPN: MC-PCIEX4-AQC107S-D

# Network Card PCIe x4 AQC107S

## Dual-10G

The PCIe x4 AQC107S Dual-10G network card delivers powerful dual-port 10 Gigabit Ethernet performance for high-demand environments. Featuring two Aquantia AQC107S controllers, it enables simultaneous high-speed connections, making it ideal for virtualization, server applications, and bandwidth-intensive workflows. Designed for reliability and speed, this card is a perfect fit for professionals seeking robust multi-port networking.

- Dual Aquantia AQC107S chipsets for independent dual 10G Ethernet ports
- PCI Express x4 interface, compatible with PCIe x4, x8, and x16 slots
- Supports 10G/5G/2.5G/1G/100Mbps Ethernet speeds per port
- Two RJ-45 ports supporting Cat6a/Cat7 cabling up to 100 meters
- Compatible with Windows 10/11 (64-bit), major Linux distributions with kernel 4.15+, and macOS 10.13 High Sierra or newer
- Ideal for virtualization, high-throughput servers, and multi-network setups
- Includes 1 × User's Manual, 1 × CD-Driver, 1 × Low profile bracket

## Specifications

|                    |                            |                 |
|--------------------|----------------------------|-----------------|
| Design             | Chipset                    | Marvell AQC107S |
|                    | Internal                   | Yes             |
|                    | Recommended usage          | PC              |
| Network            | Maximum data transfer rate | 10000 Mbit/s    |
| Ports & interfaces | Connectivity technology    | Wired           |
|                    | Host interface             | PCI Express     |
|                    | Interface                  | RJ45 Ethernet   |
| Vendor information | Brand Name                 | MicroConnect    |
|                    | Warranty                   | 25 Year(s)      |
