

MPN: MC-MINIPCI-E-82583-D-E

Network Card MiniPCIE 82583-D-E

Dual-1G RJ45

The Mini PCIe 82583-D-E is a compact dual-port Gigabit Ethernet card designed for embedded systems and industrial applications. Built around the Intel 82583V chipset, it offers reliable wired connectivity with support for essential networking features. Its small form factor and dual RJ45 ports make it ideal for space-constrained environments requiring stable Ethernet performance.

- Based on Intel 82583V chipset for dependable Gigabit Ethernet performance
- Dual RJ45 ports supporting 10/100/1000 Mbps speeds
- Mini PCIe interface for easy integration into embedded and compact systems
- Supports VLAN tagging, Wake-on-LAN, and PXE boot
- Compatible with Windows XP/7/8/10, Linux kernel 2.6.x/3.x/4.x, and select BSD distributions
- Ideal for Mini PCs, industrial automation, and embedded networking applications
- Includes 1 × User's Manual, 1 × CD-Driver, 1 × Low profile bracket

Specifications

Design	Chipset	Intel JL82583V
	Internal	Yes
	Recommended usage	PC
Network	Maximum data transfer rate	1000 Mbit/s
Ports & interfaces	Connectivity technology	Wired
	Host interface	PCI Express
	Interface	RJ45 Ethernet
Vendor information	Brand Name	MicroConnect
	Warranty	25 Year(s)
