

MPN: MC-M.2-B+M-I210-T2

Network Card PCIe M.2 B+M I210-T2

Dual-1G RJ45

The PCIe M.2 B+M I210-T2 Dual-1G RJ45 network card delivers dual-port Gigabit Ethernet performance in an ultra-compact form factor. Powered by Intel's I210-T2 controller, it is designed for embedded systems, industrial PCs, and space-constrained platforms that require reliable and secure dual-network connectivity. With advanced networking features and low power consumption, it's ideal for high-efficiency applications.

- Dual Intel I210-T2 controllers for stable and energy-efficient 1G Ethernet performance
- M.2 B+M key interface for integration with compact and embedded systems
- Two RJ-45 ports supporting 1G/100Mbps Ethernet speeds
- Supports VLAN tagging, PXE boot, IEEE 1588 PTP, and other advanced networking features
- Compatible with Windows 10/11 (64-bit), Linux kernel 4.18+, and select embedded OS platforms
- Ideal for industrial control, dual-network routing, and space-constrained system designs
- Includes 1 × User's Manual, 1 × CD-Driver, 1 × Low profile bracket

Specifications

Design	Chipset	Intel I210
	Internal	Yes
	Recommended usage	PC
Network	Maximum data transfer rate	1000 Mbit/s
Ports & interfaces	Connectivity technology	Wired
	Host interface	PCI Express
	Interface	RJ45 Ethernet
Vendor information	Brand Name	MicroConnect
	Warranty	25 Year(s)
