

MPN: MC-MINIPCIIE-I350-T4

Network Card MiniPCIE I350-T4

Quad-1G RJ45

The Mini PCIe I350-T4 is a high-performance quad-port Gigabit Ethernet network interface card designed for compact systems like Mini PCs, embedded platforms, and industrial applications. Powered by the Intel I350 chipset, it delivers reliable and efficient network connectivity with advanced features such as VLAN support, load balancing, and hardware offloading. Ideal for environments requiring multiple Ethernet ports in a small form factor.

- Equipped with Intel I350-T4 chipset for stable and efficient performance
- Quad RJ45 ports supporting 10/100/1000 Mbps Ethernet speeds
- Mini PCIe interface for compact system integration
- Supports advanced networking features including VLAN tagging, link aggregation, and PXE boot
- Compatible with Windows 7/8/10/11, Linux kernel 3.x/4.x/5.x, and VMware ESXi 6.5/6.7/7.0
- Low power consumption and passive cooling design for silent operation
- Ideal for Mini PCs, firewalls, routers, and embedded systems
- Includes 1 × User's Manual, 1 × CD-Driver, 1 × Low profile bracket

Specifications

Design	Chipset	Intel NHI350AM4
	Internal	Yes
	Recommended usage	PC
Network	Maximum data transfer rate	1000 Mbit/s
Ports & interfaces	Connectivity technology	Wired
	Host interface	PCI Express
	Interface	RJ45 Ethernet
Vendor information	Brand Name	MicroConnect
	Warranty	25 Year(s)
