

The ProLite E2271HDS is one of the stunning new range of LED-backlit monitors from iiyama. It is a full 1920x1080 high definition 22” monitor that features all the benefits this technology affords. Extremely slim and stylish in design, it has a narrow bezel and is finished in the latest glossy-black. The high specifications on the monitor include 5,000,000:1 ACR, fast 5ms response for excellent sharpness in high definition video and triple input connectivity. Power consumption is only 21W typical usage and less than 1W in standby.
