

Lenovo 500e Chromebook Gen 4s

Discover the power of performance with this Chromebook equipped with the latest Intel ADL-N100 processor, designed to effortlessly handle your workday. The 11.6" HD convertible touch display, with pencil touch capabilities, provides flexibility for various tasks—whether you're sketching, presenting, or taking notes. With up to 8GB of LPDDR5 memory, you can run multiple applications smoothly, ensuring high performance in any setting. Whether you are working in the office or on the go, this laptop provides the perfect combination of power and flexibility for professionals who need to stay productive anywhere.

Redefining possibilities with powerful performance and groundbreaking on-device AI

Whether you're crunching numbers, analyzing market trends, or collaborating on presentations, these laptops, equipped with the latest-generation processors and ample memory, ensure unparalleled efficiency and reliability.

Experience lightning-fast performance with up to 64GB of eMMC storage, ensuring quick access to all your files. Stay connected wherever you are with the latest Wi-Fi 6E technology, providing ultra-fast internet speeds. Plus, with versatile connectivity options like USB-C, HDMI, and USB-A ports, your laptop is ready to meet all your needs.

Weighing only 1.3 kg, this laptop is designed for effortless mobility. Its removable battery allows you to easily swap in a new one, keeping you powered and productive throughout the day - ideal for professional who need uninterrupted performance throughout the day.

Powered by an integrated Li-Polymer 47Wh battery, this device supports Rapid Charge, letting you charge up to 80% in just one hour with a 65W AC adapter. Experience reliable power throughout the day without worrying about long charging times.
