

Article number

| Technical Data                              |    |                 |
|---------------------------------------------|----|-----------------|
| Number of channels                          |    | 3               |
| Mounting type                               |    | flush mounted   |
| Diameter of the sensing field on the floor  | m  | 8               |
| Adjustable OFF-delay time                   | s  | 1 ... 1 440 min |
| detection angle horizontal                  | °  | 0 ... 360       |
| detection angle vertical                    | °  | 0 ... 105       |
| Color                                       |    | white           |
| Wertebereich                                | lx | 0 ... 1 000     |
| Material of the enclosure                   |    | plastic         |
| Mounting height optimum                     | m  | 3               |
| Extension input                             |    | Yes             |
| Light sensitivity adjustable                |    | Yes             |
| Staircase monitoring                        |    | Yes             |
| Creep-under protection/backfield monitoring |    | Yes             |
| RAL color number                            |    | 9010            |
| Range maximum                               |    |                 |
| • on the front                              | m  | 4               |

## Certificates/approvals

| General Product Approval                                                                                                      | Declaration of Con-<br>formity                                                                | other                                             |
