Firm hold

The monitor holder can either be attached to the edge of a table using a clamp base or alternatively directly to the table top using a table grommet. In both cases, it can be conveniently mounted from above the table-top and the necessary accessories are included in the scope of delivery.

Advanced Gas Spring Technology

Customize your viewing comfort to fit your preferences, designed with a high-quality gas spring for smooth height adjustments. This feature lets you position your monitor at the desired height, creating a workspace that aligns with your unique needs for comfort and productivity.

Snap-and-Lock

The detachable VESA® adapter, crafted from premium steel, offers a practical solution for monitor mounting. After a simple unlocking, it can be lifted out, allowing you to attach it to your monitor first. Once done, it hooks smoothly into the support arm, ensuring a secure and stable connection.

Logistical data

Packing unit:	4 pcs. / carton	**Dimension/carton:**	450x415x320 mm
Total weight:	20.80 kg	**Dimension** (with packing)**:**	200x435x150 mm
Gross weight (with packing)**:**	4.98 kg	**Dimension of article:**	195x435x145 mm
Net weight:	4.15 kg	**Country of origin:**	China
