

Micro HDMI or HDMI to VGA Adapter - 1920x1200

Product ID: MCHD2VGA

The MCHD2VGA HDMI / Micro HDMI to VGA Converter lets you connect an HDMI-enabled video source device to a VGA monitor or projector. The adapter also includes a Micro HDMI to HDMI adapter, for added compatibility with Micro HDMI tablets and smartphones - an ideal solution for sharing presentations or worksheets from your HDMI and Micro HDMI devices, on a classroom or boardroom projector.

The MCHD2VGA provides an active video connection making the MCHD2VGA the perfect solution for low-power HDMI sources, such as MacBook® and Mac Mini computers.

For added convenience, the adapter can be powered using any USB power source, even the computer or television the device is connected to. A power adapter is also included ensuring you can connect the adapter to a regular power outlet where a USB Power source may not be available.

Note: The adapter will not pass digitally encrypted content.

The MCHD2VGA is backed by a StarTech.com 3-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Carry with your laptop, smartphone or tablet for BYOD applications with VGA displays
- Share presentations on a classroom or boardroom projector
- Connect the low-powered HDMI port on your Mac Mini or MacBook to a VGA projector
