Snap-in / Quick Release Fixer For Smart, Effortless Rack Mounting - No Tools or Cage Nut Sets Required

The Intellinet 1U Tool-Free Rack Mount Clip from is a unique and innovative solution for quickly mounting accessories in a rack without the need for tools or cage nut sets. Designed for professionals who demand speed and efficiency, this clip system eliminates the hassle of traditional rack installations, making setup faster and easier than ever.

Simple, Secure, and Quick to Use

Installing equipment is as easy as pressing the holders to lock devices securely in place and pushing the button to release them. This intuitive design ensures a firm and stable fit while allowing for quick adjustments or repositioning whenever needed.

Versatile Compatibility for Various Rack Equipment

This tool-free rack mount clip is perfect for installing 10" and 19" accessories such as patch panels, PDUs, shelves, switches, blank panels, and cable entry panels. Its robust design supports cantilever shelves up to approximately 300 mm (11.8 in.) in depth and half-depth switches up to 180 mm (7 in.).
