Philips PicoPix

Pocket projector

80 lumens

with MP4 player

PPX2480/EU

Project your life

This small and light pocket projector can easily be connected to various gadgets and SD card or a USB stick to access your digital content. The addition of an integrated mediaplayer makes this PicoPix independent of other mobile devices.

Benefits

Excellent image quality
• Project your images and videos up to 305 cm (120") in size
• LED technology for brilliant colours and high contrast

Versatile connectivity
• Various connections for all common appliances

Natural and clear sound

• Premium speaker inside for excellent sound

Ultra portable
• Play videos directly from your SD card or USB stick
• Internal battery for playtime up to 2 hours

Features

Large Screen size

Enjoy the biggest mobile screen you ever had to share your media content wherever you want. So with your PicoPix you are always carrying your own cinema with you.

Integrated Media player

The integrated MP4 player supports all common video and audio formats. This makes the PicoPix pocket projector a standalone device, retrieving its content from the internal 2 GB memory, USB stick or one of various different types of memory cards.

Internal battery

The PicoPix comes with a compact built-in rechargeable battery for long-lasting power. Up to 2 hours of continuous movie, photo and music playback

PHILIPS

sense **and** simplicity

enjoyment can be achieved on a single charge. This makes the PicoPix your perfect pocket companion.

LED-Technology

Your pictures and videos deserve the best quality when it comes to sharing them with those around you. This is why the PicoPix pocket projector uses high quality LED technology to project your pictures and videos in brilliant colours and breathtaking contrast.

Excellent sound

Enjoy your videos and music with high-quality sound. The built-in premium speaker with 1 Watt is offering you a great sound experience as well as the convenience of infinitely adjustable volume.

Connections

The PicoPix pocket projector is offering quite a number of connections for your appliances. USB, HDMI, VGA, Component, Composite, SD/SDHC slot and a 3.5 mm Audio output are at your disposal for unlimited entertainment.
