

MARS PRO 150

Your Gaming Battlefront

COUGAR Mars Pro 150 stands on the shoulders of giants. Not only Mars Pro 150 retains the best features of Mars but evolves with much more handy functions, such as a USB 3.0 Type-C port for data transfers and HDMI monitor extension. It's not just a gaming desk, it's the desk how to make your ideas come alive.

Convenient Display Extension

The control box of Mars Pro 150 features the monitor extension. Via Type-c port to HDMI female connector with exclusive Type-c to Type-c cable, you can easily extend the laptop's monitor to accomplish the streaming or video recording to reach much more productivity.

* The function of monitor extension must link through exclusive Type-C to Type-C cable.

Advanced and High-speed Links

With the control box, you will have the transfer extension of USB 3.0 Type-C port, two USB 3.0 Type-A ports, and audio jacks for reducing the long cable clutter.

High-strength Welded Steel Frame

The height of the gaming desk is manually adjustable between three levels (750/800/850mm) for the most comfortable position.

Dual-sided RGB Lighting Effects

To increase more immersive feeling in your gaming atmosphere. Mars Pro 150 provides various RGB lighting effects. It is also compatible with motherboards' 5V connection with Asus Aura Sync, Gigabyte RGB Fusion, MSI Mystic Light Sync, and ASRock Polychrome Sync for system-wide lighting synchronization.

Ergonomic Gaming Space

The spacious gaming surface up to 150cm width with carbon fiber texture brings you plenty of space for your gaming monitors, gaming keyboards, and other gaming gears. Highly ergonomic designs like curved edges and rounded corners give you a better and more comfortable gaming experience.
