

23.8" Hybri Monitor (EB241CJB)

ecoVISION™  **ECO-FRIENDLY DISPLAY** Experts In Display **HDMI™** HIGH-DEFINITION MULTIMEDIA INTERFACE

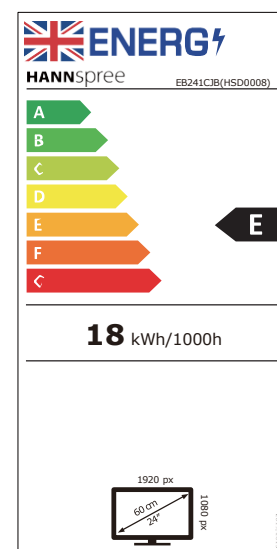

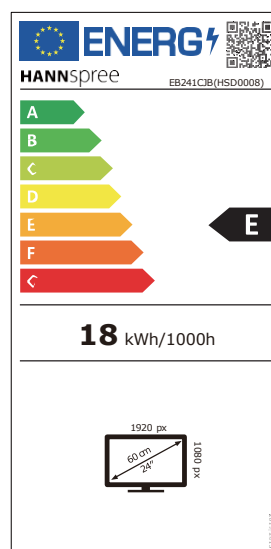

Features

- Harness natural light with ecoVISION™ Display to protect your eyes from harmful blue light. Enjoy a flicker-free, anti-glare, and paper-like viewing experience designed for lasting comfort and superior eye care.
- Beside the Standard scene mode, We also provide four eye-protective modes: Adp.Vivid, Eye Care, Indoor, and Program to enhance your viewing experience.
- 75Hz high refresh rate ensures smooth text scrolling and video streaming without ghosting.
- Sunlight readable; Anti-glare display
- Colorful content: 16.7 million display colors
- This display features an ambient light sensor that adjusts brightness based on ambient conditions, providing users with optimal visibility in any environment.
- Versatile connectivity includes HDMI, DP, and Type-C ports
- This monitor features a USB Type-C connector with up to 65W power delivery with compatible devices. You can power your device, transfer data, and transmit display signals with a single cable.
- Ergonomic adjustable stand enables users to tilt, pivot, and swivel to different angles or adjust its height for optimal comfort
- Easy to install on a desk or wall with its 100x100 VESA mounting interface.
- Green & Healthy Design, Low Power Consumption.
