LBA01 Desk Mount Security Anchor

Product Images

Short Description

- Durable zinc-alloy security anchor
- Provides a strong anchor point to help prevent device theft
- Compatible with standard laptop security cables
- Easy installation using adhesive pad or screws
- Suitable for desks, counters, and walls
- Ideal for offices, schools, libraries, and retail environments

Description

The Desk Mount Security Anchor offers a dependable way to secure laptops, tablets and other valuable devices in workplaces, schools and public environments. It creates a fixed anchor point that works with standard security cables to help prevent theft and unauthorized removal. Its strong metal construction ensures reliable holding strength in a compact, modern design that fits easily on any desk or workstation.

Installation is quick with adhesive or screws, providing flexibility for different surfaces.

Ideal for offices, classrooms, retail counters and shared workspaces, it keeps devices securely in place throughout daily use.
